It was the year of sex and drugs and rock and roll; it was also the year of the Martin Luther King and Bobby Kennedy assassinations, the Prague Spring, the Chicago convention, the Tet offensive in Vietnam and the anti-war movement, the student rebellion that paralysed France, civil rights, the beginning of the end for the Soviet Union, and the birth of the womens movement. With 1968: The Year that Rocked the World, award-winning journalist Mark Kurlansky has written his Magnum opus - a cultural and political history of that world-changing year of social upheaval, when televisions impact on global events first became apparent, and when simultaneously - in Paris, Prague, London, Berkeley, and all over the globe - uprisings spontaneously occurred. 1968 encompasses the worlds of youth and music, politics, war, economics, assassinations, riots, demonstrations and the media, and shows us how we got to where we are today.
