* * Traveling to new places is an

excellent experience to absorb new ideas,

food, culture, and sights. America has been

popularized around the world for their

political interference, movie appearance,

dissemination of popular culture, and

consumerism; however, this doesnt quite

grasp the full culture that is there. The

United States is much more than these

Hollywood explosions, explicit music

lyrics, political debates, and Apple

products. This is the image that most

people see from the outside but it is not

true. The only way to truly realize this is to

travel there and get an understanding for it.

Youve got to experience it from the inside,

not the outside looking in. Why Should

Reading This Book Below!! It is

understandable for an individual traveling
for business needs to travel to these 4

cities, because those are the major business
capitals of the U.S.: New York is the

financial capital of the U.S.; Chicago is the
manufacturing capital of the U.S.; L.A. is

the major motion picture capital of the
U.S.; and finally, Washington D.C. is the

well, capital of the U.S.! These cities are so
popular that the culture therein has been

much internationalized. It gives a very poor
glimpse into the real image of America. In

this book, Id like to describe three must-see

cities in the United States that generally do not make the Most-visited list but really showcase the culture and life of the United States in general. The cities for this list are as follows: Destination #1: Annapolis, Maryland Destination #2: Pittsburgh, Pennsylvania Destination #3: Houston, Texas These cities will give us insight into the East and West of the United States, history and modernization, and urban and rural life. It will provide a more well-rounded view of American life than the typical big-tourist cities will. Each will provide its own unique experience. Get The Book Before The Promotion Runs Out!
