

Letters to My Therapist: by C. Martin

The author writes numerous letters to her therapist analyzing her sexual abuse and depression, using sarcasm as her number one defense mechanism. As one review states, this is an honest voice to the horror and trauma. The letters from the author refer to when she was abused by her stepfather and how it has affected her life, with everything from depression and self-harm, to anxiety and identity.

INTERVIEW: Martin Miller Contemporary Psychotherapy Martin Miller is the son of Alice Miller and is also a psychotherapist he was born in and still lives in Zurich. He has written a .
