

Guatemala (Spanish Edition)

Recorrer poco a poco los pueblos de Guatemala es entrar en el universo indigena anterior a la conquista que permanece vivo en su poblacion. En las paginas de este libro encontrareis un compendio de imagenes pertenecientes, en su mayor parte, a esa Guatemala indigena y rural que nos cautivo. No encontrareis imagenes de la Guatemala cosmopolita, la de las grandes ciudades. Nos quedamos con la cara dulce de este bello pais. Making ones way around the villages of Guatemala means entering the indigenous universe that predates Spanish conquest; this universe remains alive among their inhabitants. In the pages of this book, you will find a collection of images belonging mainly to the indigenous, rural Guatemala that captivated us. You wont find images of cosmopolitan Guatemala, of its big cities. We have stayed with the gentler side of this lovely country
