

OMG Baby!

This ISNT a book about babies. Its not about sleepless nights, nappies or nurseries. It IS about two people, one unexpected pregnancy and a question ...Viv and Max were best friends for years, then they were lovers and then it all went wrong.Now finally they are to be reunited. Viv feels sick. Not just with nerves at seeing Max again, but because theres a small chance she might ... quite possibly ... most definitely ... be pregnant.Its thrilling. But also terrifying. Most of the time they can hardly look after themselves, let alone a baby.And then Vivs estranged mother reappears on the scene and they all end up sharing a bedsit ... and hell breaks loose.HOW ON EARTH ARE THEY GOING TO COPE?
