

## Transformers: Target 2006 (Transformers (Titan Books Paperback))

Continuing Titans bestselling Transformers collections, this never-before-collected reprint of the extremely hard-to-find Transformers UK comic material collects the Target: 2006 storyline, which relates directly to the events of the DVD smash-hit Transformers: The Movie! Ultra Magnus, Autobot leader in 2006, is torn between two missions - to help his fellow autobots in a last-ditch strike, or to help rescue a vanished Optimus Prime - and to confront Galvatron, who has returned in time to 1986, with deadly plans for the future! Add Megatron, Starscream, and a cast of thousands into the mix - and you've got a recipe for all-out Transformers action!
