

## Drowning: the brutally honest journey of a divorced mom (Revitalizing Jane Book 1)

Its only been a year since her divorce, so why would Jane Adamson do something as stupid as attempt to date again? Wasnt her marriage scarring enough? The answer was simpleher kids. They worried about her and wanted to see her happy again. She needed to be happy . She needed to learn to trust again and feel pretty again and human again. As a mom of five, it was too easy to hide herself away and focus just on her kids. Who needs men, anyway? Join Jane in part one of a six-part journey of self-discovery, conquering the past, understanding love, and most importantly healing, as she finds the woman she once was.
