

The Island of Fu Manchu When Sir. Denis Nayland Smith and Bart Kerrigan follow Fu Manchu from London to New York, they have no clue they are soon to find themselves in the Panama Canal Zone, or of the deadly encounters that await them in Haiti, the Island of Voodoo. They must come up against the death of the snapping fingers, the talking mummy head, zombies, the green snake and much more...before they can finally meet the full force of Fu Manchu. But what macabre fate awaits them when they finally do? This and several other short stories, including The Wrath of Fu Manchu, make up the fifth in Allison and Busby's series of omnibus editions collecting Sax Rohmer's tales of the insidious Fu Manchu.
