

## Hitlers Niece: A Novel

Hitlers Niece tells the story of the intense and disturbing relationship between Adolf Hitler and the daughter of his only half-sister, Angela, a drama that evolves against the backdrop of Hitlers rise to prominence and power from particularly inauspicious beginnings. The story follows Geli from her birth in Linz, Austria, through the years in Berchtesgaden and Munich, to her tragic death in 1932 in Hitlers apartment in Munich. Through the eyes of a favorite niece who has been all but lost to history, we see the frightening rise in prestige and political power of a vain, vulgar, sinister man who thrived on cruelty and hate and would stop at nothing to keep the horror of his inner life hidden from the world.
