

Prey (The Shifters)

Sometimes playing cat and mouse is no game...Play? Right. My Pride is under fire from all sides, my fathers authority is in question and my lover is in exile. Which means I havent laid eyes on Marcs gorgeous face in months. And with a new mother and an I-know-everything teenager under my protection, I dont exactly have time to fantasize about ever seeing him again. Then our long-awaited reunion is ruined by a vicious ambush by strays. Now our group is under attack, Marc is missing and I will need every bit of skill and smarts to keep my family from being torn apart. Forever.
