

Battlestar Galactica: Saga of a Star World

Before Star Trek: The Next Generation, and Stargate SG-1, there was 1970s cult TV series Battlestar Galactica: the smash-hit sci-fi show that rocked the spaceways with its legendary stories, memorable villains and awesome hair styles! This classic comic-strip adaptation tells the story of the very first episodes of the hit TV series. After a surprise attack by battle droids, the Cylons, the human race faces extinction. Now the last remaining warship, the Battlestar Galactica, leads a ragtag refugee fleet across the galaxy in a desperate search for the planet Earth! With an introduction by Apollo himself, Richard Hatch, an exclusive new cover by Garry Leach and amazing new features this is not one to miss!
