

Joss Whedon, the pop-culture mastermind behind Buffy the Vampire Slayer, bridged the gap between his cult-hit Firefly TV series and his Serenity motion picture with this three-issue miniseries. Penned by Whedon and Brett Matthews, a Firefly show writer, the ragtag crew takes on a scavenger mission with the promise of a big payoff. Only too late do they realize the gig is orchestrated by an old enemy eager to remake their acquaintance... with the help of operatives wearing bright blue gloves. This new oversized hardcover has a new cover by Adam Hughes and shows off the work of penciller Will Conrad and colorist Laura Martin, and the array of pinups by phenomenal guest artists including: John Cassaday, Jo Chen, Joe Quesada, Sean Phillips, Adam Hughes, JG Jones, Brian Hitch, Josh Middleton, Leinil Yu and Tim Bradstreet. Also includes more than a dozen new pages with a behind-the-scenes section featuring concept and production art from the film, by Josh Middleton & Leinil Yu and a pre-production memo to the film by Whedon called A Brief History of the Universe, Circa 2516 A.D.
