

StepFamily 411 The Workbook

Todd and Tammy Gangl will give your blended family the practical tools and Biblical insight you need to overcome the four critical issues faced by all stepfamilies. You will learn how to: become a stepfamily myth buster, how to firmly establish your marital safety net with Gods priorities for your stepfamily, how to recognize and effectively handle your scars, and finally, how to deal with the issues created by yours, mine, ours, his, theirs and all the other combinations of stepchildren you can think of. The Stepfamily 411 seminar ministers to your whole blended family, not just the parents, as Todd and Tammys children openly share their own lessons learned at the end of each of the four sessions with their eye-opening From a Step Kids Perspectives. This workbook includes all of the teachings from each of the four sessions plus real life stories, practical tips for stepmoms, stepdads, and step kids throughout each section, and worksheets to help you discover your own scars and discipline styles. From start to finish, this seminar and this workbook will help your whole stepfamily to love, laugh, and learn how to make it through the journey to blending together!
