When an alien girl at Hero Academy is treated as an outcast by the very kid heroes sworn to serve and protect, she unwittingly reveals the schools deepest and most dangerous secret. Its the first day of school at the Superville Academy for Gifted Young Heroes. Not all the Guardians got to send their children here. Only the very brightest and best kids ever made it in. So when the schools first alien girl shows up, she gets a less than warm reception. Unfortunately this triggers her power - a defense mechanism that turns her invisible. And thats when the teasing begins. But unexplained disappearances around the school have everyone on edge and there is scarcely time to address childhood bullying. Kids will be kids, after all... But as more people disappear, and the bullying escalates, our alien wonderkid is forced to confront her greatest fears. Will she survive? Boy Brawn! Susie Silver Tongue! Silent Simon! Kid Clever! Nova! Can the first year kids of Superville put their differences aside and band together against this looming threat? Or will the school year end disastrously, before it even gets started? The riddle of the disappearing heroes will keep the students and your early reader puzzled and perplexed.
