

Surviving the Single Dad Syndrome

Surviving the Single Dad Syndrome shoots straight from the hip! No psycho-babble analysis here, just usable information on how to be a great single dad while keeping your kids happy and safe. You will be inspired as you discover (or re-learn) the influence that every father--married or single--has on his children. The author shares his experiences as a single dad, from his breakup and divorce to his darkest days, and how his love for his children helped him stumble through single parenting until he was able to enjoy the life he was meant to have with his children. These pages are filled with ideas and strategies for having fun with your kids whenever you're with them. It includes cooking recipes, and how to put your home and life together to help you and your children realize all their dreams and yours.
