

The Search for the Dice Man

The sequel to the cult classic *The Dice Man*, available in e-book format for the first time. The rules are down to you. The rules that stop you seducing your neighbour downstairs, that stop you hitting your boss, that stop you leaving your family and leaving the country. The rules that stop you living. The dice don't do rules; the dice do life. Luke Rhinehart is a psychiatrist, a husband and a father, his life locked down by routine and order until he picks up the dice. The dice govern his every decision and each throw takes him further into a world of risk, discovery and freedom. As the cult of the dice grows around him the old order fades: chance becomes his religion, the dice his god. If you haven't lived the life of the dice, you haven't lived at all. Let the dice decide. And roll with it.
