

## Apollonius of Philly

An ancient tale of fortitude in the face of pain and loss, of the twists of fate dealt one man over the course of his life. Now that story is updated, brought from the cities of the ancient Eastern Mediterranean to our time, revamped and transplanted into the streets of Philadelphia, New York, Baltimore, and the Jersey shore. Here Apollonius is a gangster, a master of all things hip hop and his troubles are just getting started when he has a run-in with the evil Antiquy.
