

The Mammoth Book of Fantasy

However you take your fantasy—comic, dark, heroic, or supernatural—your taste will be tantalized by this outstanding collection that brings together in one generous volume originators of this ever-popular genre like George MacDonald and Lord Dunsay; great writers from the golden age of fantasy like Robert E. Howard, creator of Conan the Barbarian, and J. R. R. Tolkien, who captivated readers worldwide with *The Lord of the Rings*; and such contemporary masters of the craft as Terry Pratchett, Michael Moorcock, David Eddings, David Gemmell, Tanith Lee, and Ursula K. LeGuin. Compiled by Mike Ashley, the esteemed editor of the popular Mammoth Comic Fantasy trilogy, this new Mammoth anthology explores the realms of the bizarre, extraordinary, and impossible in more than two dozen ingeniously fashioned tales. Among them stand such classics as Theodore Sturgeon's *Yesterday Was Monday*, in which a man wakes to discover he has lost more than a Tuesday; Cleveland Moffett's *The Mysterious Card*, a tale chillingly and brilliantly contrived out of opposing perceptions; and *The Wall Around the World*, Theodore Cogswell's story of a young boy who masters flight in order to escape the world that has entrapped him. Offering a wide and varied selection of fantasy tales, Mike Ashley's newest anthology promises adventures, journeys, passages, and quests sure to delight readers of every type of fantasy fiction—from the ardent fans of J. R. R. Tolkien to the exuberant followers of Harry Potter.
