

We all have our own special memories of decorating the Christmas tree, culminating in the placing of that special tree top decoration, be it fairy, angel, or reindeer. Now you can create your own special tree top decorations based on Emma Hardy's beautiful designs. Ranging from a fairy that a child can make to a three-dimensional glittered star, there is something for everyone. The book has 25 projects with step-by-step instructions for making each decoration, whether you want to follow tradition with an angel or star or try something different--for example, a velvet bird, beaded berries, a knitted reindeer, or pine-cone snowflake--along with ideas for recycling and incorporating old decorations into new ones. You will be inspired by what can be achieved in very little time, so get crafting--and create your own special tree topper. *Making Christmas decorations is hugely popular and tree top decorations are of particular importance. *Includes full-color step-by-step instructions and descriptions of helpful techniques. *The recycling element ensures that Tree Top Decorations is in tune with the times--reusing and recycling is much more fashionable than throwing things away.
